Chamber Music A Play By

Chamber music is a form of classical music that is composed for a small group of instruments—traditionally a group that could fit in a palace chamber or a large room. Most broadly, it includes any art music that is performed by a small number of performers, with one performer to a part (in contrast to orchestral music, in which each string part is played by a number of performers).

Chamber Music Scotland

An essential characteristic of chamber music results from the limited size of the performing group employed: it is intimate music, suited to the expression of subtle and refined musical ideas. Rich displays of varied instrumental colour, and striking effects produced by sheer sonority, play little part in chamber music.

chamber music | History, Characteristics, Composers ...

Chamber music developed in the 19 th century as entertainment for amateur musicians to play pieces with friends in the comfort of the home. The repertoire grew increasingly complex as musical luminaries like Beethoven, Brahms, Tchaikovsky, and others composed pieces that brought this music out of the home and into the concert hall.
