ICSE Selina Solution for class 9 Chemistry Chapter 5 T provided here for the benefits of the students studying ICSE class 9 chemistry. This chapter is very important from the point of your future as it involved the basics of chemistry that one needs to understand thoroughly to avoid difficulty in understanding advanced chemistry topics.

Selina Solutions Class 9 Concise Chemistry Chapter 5 The ...

7.1 Introduction: Recall from Chapter 1 that solutions are defined as homogeneous mixtures that are mixed so thoroughly that neither component can be observed independently of the other. Solutions are all around us. Air, for example, is a solution. If you live near a lake, a river, or an ocean, that body of water is not pure H₂O but most probably a solution.

CH150: Chapter 7 - Solutions - Chemistry

The chemistry of carbohydrates most closely resembles that of alcohol, aldehyde, and ketone functional groups. As a result, the modern definition of a CARBOHYDRATE is that the compounds are polyhydroxy aldehydes or ketones. The chemistry of carbohydrates is complicated by the fact that there is a functional group (alcohol) on almost every carbon.
