Daoism in Japan provides an exploration of the particular pathways by which Daoist traditions entered Japan from continental East Asia. After addressing basic issues in both Daoist Studies and the study of Japanese religions, including the problems of defining 'Daoism' and 'Japanese,' the book looks at the influence of Daoism on ancient, medieval and modern Japan in turn.

Daoism/Taoism is a set of religious and philosophical beliefs which explores the ideas of rituals, scriptures all whilst considering the Dao/Tao. It can be traced back to the 3rd century BCE. As a product of Chinese philosophers, it made its way to Japan and has thus been significantly changed as it became in contact with the Japanese Culture.

## **Chinese influence on Japanese culture - Wikipedia**

Daoism, also spelled Taoism, indigenous religio-philosophical tradition that has shaped Chinese life for more than 2,000 years. In the broadest sense, a Daoist attitude toward life can be seen in the accepting and yielding, the joyful and carefree sides of the Chinese character, an attitude that offsets and complements the moral and duty-conscious, austere and purposeful character ascribed to Confucianism .

Daoism can also be called "the other way." During its entire history, it has coexisted alongside the Confucian tradition, which served as the ethical and religious basis of the institutions and arrangements of the Chinese empire. Daoism, while not radically subversive, offered a range of alternatives to the Confucian way of life and point of view.
