Effective Python: 59 Ways to Write Better Python: This relatively short book is a collection of 59 articles that, similarly to Fluent Python, focus on teaching you how to write truly Pythonic code. Python Cookbook : As a cookbook, this will be a good reference on how to use Python to complete tasks you have done in another language.

The Best Python Books - Real Python

HOWEVER, this book (3rd edition) requests that you do the exercises in version 3.1.x. The Mac, and most Linux machines come with version 2.5.x or 2.6.x right now. So you will want to download 3.1 even if Python is pre-installed on your machine. Windows doesn't come with Python pre-installed, so just select the 3.1.x version for x86 computers.
