### The Philosophy Of Art

Philosophy of art, the study of the nature of art, including concepts such as interpretation, representation and expression, and form. It is closely related to aesthetics, the philosophical study of beauty and taste. It is distinguished from art criticism, the analysis and evaluation of particular works of art.

**Philosophy of art | Definition, Theories, History, & Facts ...**  
Over the past few decades, the philosophy of art has enjoyed a remarkable revival. More and more studies are being devoted to the philosophical or theoretical probing into questions about the meaning of art. This gradual but steady expansion in the field also suggests a broadening group of potential readers.

humanism: Art as philosophy Italian Renaissance painting, especially in its secular forms, is alive with visually coded expressions of humanistic philosophy. Symbol, structure, posture, and even colour were used to convey silent messages about humanity and nature.

**Philosophy of art - Mixed positions | Britannica**

The philosophy of art specifically studies how artists imagine, create, and perform works of art, as well as how people use, enjoy, and criticize their art. It deals with how one feels about art in general, why they like some works of art and not others, and how art can affect our moods or even our beliefs. [2]
